## A word from the Directors

**Thanks for the opportunity to help with your Great Journey!** Academique is a unique college in many ways. First, we are committed to **QUALITY EDUCATION**. We closely follow the industry-developed training packages and only hire teachers who have studied and worked in the areas they teach. We also get independent experts in to check we are providing quality training. When you complete your course, you will be able to use the skills and knowledge in real workplaces.

Secondly, we want you to have a **GREAT JOURNEY**. We only work with reliable education agents. We don't have any of the fees that are sometimes hidden in 'the fine print': No application, enrolment, admin, materials, late, change or cancellation fees. We never take any fees direct from your credit card. We're flexible about Initial Payments. The cost of your total program is spread out across as many months as possible to make the monthly payments as low as possible unless you ask for some other option.

Every faculty has a thoughtful coordinator dedicated to helping you. Classes, lectures and assessment sessions are repeated, so the study system is as flexible as possible. We focus on helping you to demonstrate your competence. We'll also help you protect your visa status: If we think you are accidentally doing something wrong we'll give you advice about it.

### DAVID DOLLEY

M. Ed., B.A., B. Ed. St, Dip. App. Ling., Dip. Ed., Dip. Voc. Ed., Dip. Training, Cert IV TAE

I came to Australia from Japan on a Working Holiday visa back in the '80s. I enjoyed the experience 'Down Under' and when I got back home I got a great job in an Australian bank. After several years I decided to give my career a boost, and I know Australia has a great environment for study, so I came back to study business in 90's! I remember saying in a class presentation, "My dream is to run a business that builds bridges between Australia and Japan". So my dream came true! I was an international student so I know how our students feel, and what international students need. I believe **ACADEMIQUE** will be an unforgettable part of your 'great journey'.

### NANAE DOLLEY

I have worked in International Education for over 35 years, and I am passionate about ensuring that students enjoy their study and find their courses worthwhile and helpful.

I was the Executive Officer of Study Gold Coast for 10 years, and my role was to promote the Gold Coast as an excellent study destination and help students and colleges to work together.

## STUDENT SERVICES

### Nationality Mix

At Academique we know that meeting people from other countries is part of the study journey.

We have students from over 25 countries at the time of writing. It's our policy not to let any group dominate, so if one country approaches 30% we withdraw our marketing efforts from that country. We also welcome direct applications and work with a very broad range of business partners.

In addition, all teaching at Academique is delivered in English, and the teachers stop any group from speaking any other language in class.

### Student Services

Most Academique staff and teachers have lived overseas, so we know how difficult it can be to start a new life in a new country, especially if your language is different. We deliberately seek staff who speak more than one language and who have studied and/or lived outside their home country. At the time of writing 60% of our staff were born outside Australia, and 60% speak another language.

Our team members are very supportive: we want to help you create your own great journey! At the time of writing, we can speak Korean, Japanese, Portuguese, Spanish, Chinese, Slovak, Slovenian, Czech and Indonesian. If you don't understand anything, just ask. You can always get help at the reception desk or by phone.

If you want to apply for special leave, so you can go home even though it's not official holiday time, just bring us your documents and we can translate them. If you are having any problem with your life in Australia: we'll be happy to help. All kinds of counselling services are available to help with any problem.
